VISION AND MISSION FOR OUR SCHOOL

Our vision is to educate our children, and clearly to bring them to the "ultimate meaningful personality, positively and positively towards the intended goal of building "Children under our guidance who make a continuous life and can be the so called "personality, followed by strong willpower, independence, adaptability, courage and faith. The character we formed gives them the strength and resources to move their goals.

Students' confidence, accompanied with the skills and ability, develops the love for this pursuit of life. It could allow the pursuit of education to develop without develops a spirit of universal humanism, responsibility, autonomous growth and a sense of vision that these "personality personality. In reality, "Education is not the amount of information that is put into your mind and into your mind, undigested all through your life. Education is a teacher but he also is a guide to guide when it is necessary, leading to power and wisdom, the results, the matter and the matter, their content, their relevance and their ability to their own way, together for a purpose.

Our emphasis is on building a world without boundaries, a world where people meet to appreciate, relate, and build, and love and power.

Our vision is to achieve the above mentioned objectives.

1. We take appropriate steps to make learning an essential and a stress free pursuit.

2. We take a developmental child approach to education, challenging topics made interesting through inquiry, self education, experiential and experiential learning for cognitive, intellectual and emotional growth.

3. We increase learning, processes and methods undertaken by students to upgrade their knowledge that help create a challenge for present teaching.

4. All Multiple intelligences, and cognitive learning is given equal importance. Alongside emotional responses, social, physical, emotional and ethical and social ability being important for intellectual growth, is also emphasized upon.

5. The values of sharing and caring through various social service programmes, social service, volunteer, collaborative activities.

of bringing about even in adverse circumstances with objects, living challenges with spontaneity and creating suitable situations for growth is what our children learn through involvement in curricular activities.

4. Education is a continuing process for learning in real life. The world is witnessing rapid changes in all spheres of human activities. Therefore, it has become imperative on us (teachers) to equip ourselves adequately to cope with challenges of globalization and technological revolution. Hence, a continuous process of quality enhancement becomes essentially important to various programs.

To bring about the above the following activities are undertaken:

Proactive parenting activities/ programmes,
Workshops for teachers on varied aspects of learning process,
Career counselling workshops for students,
Self Learning Management Skill training,

Training for M.T.S and Panchayats.

Training programme to assist teachers to effectively interact with children with special needs (WSEN).

Upgrading and enhancing skills for using advanced technology for class functioning operations.

AI (Critical Intelligence) training is aimed at making teachers use AI tools for teaching learning purposes.

5. School is an interactive community – a microcosmic society in itself. In this society the child is the focus surrounded by parents, teachers and the school environment, in those roles that form a dynamic triangle of interpersonal relationship. Parents' Involvement is encouraged in following ways:

Active participation of parents in Parent Teacher Meeting, held four times in a year.

Open house work for parents where they observe the teaching pattern of the school (held once every term).

Parents are involved in all major school activities such as Annual convocation, Annual sports exhibitions, school assembly and various co-curricular extracurricular programmes taken up by the students.

The CBSE Board has always been supportive and be righted in its vision to strengthen the performance of the Children with special needs. As per the UNESCO (2006) definition, Inclusive education is a process of strengthening the capacity of the education system to reach out to all learners.

As an overall principle, it guides all education policies and practices, so education is fair, justice-right and the foundation for a more just and equal society.

Herein, we, at Apurva Schools, are taking an initiative of addressing and responding to the diversity of needs of all children and youth through increasing participation in learning, culture and communication and reducing and eliminating exclusion within and from education by continuously striving to create an inclusive environment.

Our effort in building compassion, moral values creates a bridge of understanding and acceptance.

The Apurva Schools have the motto 'Waste, Dribble, Progress'. Our effort is to walk the path for physical, mental and spiritual growth of the child. Pursuit of excellence in all these fields is a timeless and a timeless quest. Our Vision is to equip all our children with the invaluable essence of Waste, Dribble and Progress, the three powerful virtues of a truly educated individual.

"You can teach a student a lesson for a day; but if you can teach him to learn by creating curiosity, he will continue the process of learning for as long as he lives."

Bedford

SCHOOL ANTHEM

SOARING HIGH APEEJAY

1. Higher and Higher even to the skies
Soaring high is the motto of our school
For Virtue in our lives forever we will strive
Soaring high, soaring high, soaring high

With a heart full of love
And a hand that carries peace
Apeejay we will chant to the world
Our founder's name will ring
As we laud to him being
Apeejay the best school in the land

2. Like a beacon in the night
A tower shining bright
We will spread our sunny rays of light
Our banner we'll raise high waving up into the sky
Soaring high, soaring high, soaring high

3. And our life's toil is done
We'll dream of battles won
In classrooms and fields of Apeejay
Our Alma Mater dear
Her own will ever cheer
Soaring high, soaring high, soaring high

ALL THINGS BRIGHT AND BEAUTIFUL

All things bright and beautiful,
All creatures great and small,
All things wise and wonderful,
The Lord God made them all.
Each little flower that opens,
Each little bird that sings,
He made their glowing colors,
He made their tiny wings.
The purple-headed mountain,
The river running by,
The sunset and the morning
That brightens up the sky;
The cold wind in the winter,
The pleasant summer sun,
The ripe fruits in the garden,
He made them every one.
He gave us eyes to see them,
And lips that we might tell
How great is God Almighty,
Who has made all things well.

PRAYER

Our Father, who art in heaven,
hallowed be thy name.
Thy kingdom come.
Thy will be done
on earth as it is in heaven.
Give us this day our daily bread,
and forgive us our trespasses
as we forgive those who trespass against us.
And lead us not into temptation,
but deliver us from evil.
For thine is the kingdom,
the power and the glory,
forever and ever.

Amen

DUTIES OF A STUDENT

Acquire knowledge personally in order to become an educated and cultured citizen.

Be accurate in taking down notes, assignments, list, homework and schedule for the next lesson. Arrange homework assigned and keep parents well informed about the school assignments.

Cherish the honour of the nation, school, family and one's own and defend it through one's deeds, work and thinking.

Refrain from the use of coarse expressions and all such activities which may affect self honour.

Enter the classroom and take one's place immediately after the bell rings. During the lesson, enter or leave the classroom only when it is urgent and, with the teacher's permission.

Feel proud & smart at being well groomed and neatly dressed.

Give fellow students, teachers and others with polite salutations. Be respectful everywhere.

Help the helpless and the weak when they need and be of assistance in all need and trouble.

Indulge the habit of keeping your School Identity Card, Library Card, School Diary and Progress Report Card carefully and produce them whenever required.

Judge references by their books but by their work, manners and helpful nature.

Keep your space in the classroom and the surroundings neat and tidy.

Lay aside malice, launch a campaign for purity.

Maintain order and discipline at every and in the classroom.

State down your difficulties for clarification and be ready for the lesson before the teacher arrives.

Obey the instructions of the Principal and teachers of the school as well as of one's parents and seniors.

Protect school property, personal belongings and belongings of others.

Open up while creating your task or when moving in the corridors of the school.

Remember to stand up when a teacher, the Principal or a visitor enters or leaves the room.

Be upright during the lesson. It helps to concentrate on the lesson. Do not lean on the tables or desks.

Use all gifts, machines and articles with respect, honour and dignity.

Use the computer network to only transmit material that is not in violation of state, federal or international law.

Value knowledge for what there is in it, not for what can be got out of it.

Welcome challenges to develop positive attitudes.

Sanctity is taking us away from the room, so respect your room.

Your failure should not define you but should improve you.

Examine approach towards each work, machine and responsibility that which gives it out tomorrow.

School of Studies

Subject D – Upper K.A.

As per WCC (2018) Paragraph 1.41, the newly established Early and Infancy Education (EIE) initiative introduced the concept of “Infantia”. This new pre-primary program, implemented from 2018 (18), is designed to equip children under the age of five with cognitive and linguistic skills necessary for reading, writing, and developing numerical understanding. Led by E.I.E. qualified teachers, the Infantia program adopts a play-based approach. E.I.E.E has established guidelines for Infantia and recruited three years of pre-school educators, strengthening a foundational educational framework for early childhood development. There is no lateral admission in this section. The primary aim at this stage is to help children develop and help teachers to nurturing good disciplinary personal habits and to cultivate interest in books and numbers.

"TO MOTHER EARTH... WITH LOVE"

This is an initiative to create awareness among students in conserving electricity, water and other resources.

1. Turn-off lights, fans and air conditioner even when you are outside a room for about while.
2. Use stairs instead of an elevator whenever possible.
3. Do not keep your TV, computers and other appliances on stand-by mode.
4. When you are writing, printing or photocopying on paper, make sure you use the other side of the sheet.
5. Replace incandescent light bulbs with compact fluorescent bulbs (CFL), light emitting diode (LED). These bulbs reduce electricity consumption substantially.
6. Re-use items like paper, canvas bags, bottles, envelopes to reduce the over usage of paper.
7. Think of innovative ways to recycle and re-use things found for storage and other useful purposes. Can you? What is done there?
8. For short trips, walk or bicycle instead of taking a car. Reduce the use of plastic and not paper and paper bags.
9. While filling up water in your bottle, do not wait till the water overflows but stop it before the water level reaches the brim to conserve water.
10. Always ensure that the taps are tightly closed and conserve water.
11. Do not throw a trash. Talk with us to reduce water pollution.
